Hotel Villa & Resort Luisa

Location: San Felice del Benaco, Italy

Total Ground Floor Area: 4,700 m²

Interior Design: Alberto Apostoli

Photographer: Davide Mombelli

The hotel is situated on a hill and surrounded by olive and cypress trees, where the guests can enjoy a breathtaking view of the lake. This dualism has resulted in the work through a continuous curved line that links the interior design with the outdoor area, boosted by exchange of materials and finishes, from a particular lighting design and a sophisticated use of ceiling plaster.

Neutral colors and natural materials of the tradition are a tribute to the local culture, the "circle" and shades of white were thought to highlight the contemporary of the structure.
